

Pear Tree Family Practice

a true family practice, healthcare for all ages

Patient Information

Pear Tree Family Practice is a family owned, independent practice. Our doctors are all fellows of the Royal Australian College of General Practice. We aim to provide the same standard of care we would like our own family to receive; thorough, high quality, current, all-inclusive care with a strong emphasis on preventative health.

Our services

We provide care in all areas of General Practice, including:

- Women's health
- Obstetric shared care
- Mirena and Implanon insertion/removal
- Vaccinations & travel medicine
- Children's health
- Men's health
- Musculoskeletal medicine
- Skin checks
- Chronic disease management
- Acute illness
- Mental health care
- Aged care (incl. Nursing Home visits)

Our doctors

Dr Emily Carroll, Dr Kristin McLaughlin, Dr Jeremy Cho and Dr Niamh Devlin are our General Practitioners. Their qualifications and areas of interest are highlighted on our website. Our registered nurse Bridget provides clinical support and assists with chronic disease care planning and vaccinations.

Opening hours

- Monday to Friday: 8.30am – 5pm
- Saturday: 8.30am – 12.30pm
- Sunday/Public Holidays: closed

Pathology

We have onsite pathology provided by Abbott's. Current opening hours are Monday to Saturday 8.30am – 11.30am. All pathology forms are accepted.

After hours and home visits

After hours health care is provided by our locum service National Home Doctor, by phoning 137425. Home visits by our doctors are available by appointment to regular patients of the practice whose condition prevents them from attending the surgery.

Emergencies

In an Emergency please dial 000. The closest hospital is Flinders Medical Centre, Bedford Drive, Bedford Park SA 5045, 24 hours, phone (08) 8204 5511. For assistance in a mental health emergency please call Mental Health Triage on 13 14 65 (24 hours).

Consultations

Our standard consultations are 15 minutes. Longer consultation times are available, which you may require for mental health consultations, multiple issues and procedures. Please speak with our reception staff so we can allocate enough time to meet your needs. **We will always prioritise urgent medical conditions and strive to see unwell children on the same day. Please advise our reception staff if you think your health issue is urgent and we will address this accordingly.**

Fees and payment policy

We are a private billing practice. Services are required to be paid in full on the day of consultation. Payment may be made by EFTPOS or Credit Card (Visa and MasterCard). Claims will be submitted to Medicare on your behalf and you will receive any rebates via your nominated bank account. Our standard consultation fee is \$79 and a long consultation is \$146. Children and aged pensioners will be charged a discounted fee for the first visit each calendar month, and then bulk-billed for further consultations for that month. We will continue to bulk-bill DVA Gold Card holders. Please note that we do not bulk-bill any consultations on a Saturday and a \$10 surcharge applies due to staffing costs. Procedures may have an additional fee. A fee schedule is available on our website or from our reception staff.

Privacy policy

At Pear Tree Family Practice, we keep records of your personal details and medical history. We adhere to strict guidelines for your privacy, and are happy to provide you with a copy of our privacy policy at any time. To provide quality preventative health we submit patient data to various disease specific registers (eg. cervical screening). We also submit our vaccination records to the Australian Immunisation Register. You are able to opt-in or opt-out of this service.

Patient feedback and complaints

We are committed to providing a quality service. If you have a problem we would like you to share your concerns with us. We take any concerns, complaints or suggestions seriously. If you prefer you may direct complaints to the Health and Community Services Complaints Commissioner on (08) 8226 8666.

Recall/reminder system

Good preventative care is a key part of our role as your General Practitioner. We use a computerised reminder system and may be in contact with you to offer preventative health care, relevant to your health needs. If you do not wish to receive reminders, please let your doctor or our reception staff know.

Test results, referrals and telephone calls

It is important that all test results are followed up in a consultation with your doctor. All repeat prescriptions, referrals and medical certificates require a consultation with your doctor to ensure appropriate, current treatment. Our doctors are not routinely available to take and return patient phone calls during consulting hours. We ask where possible that you make an appointment to discuss your concerns with your doctor.
